Задание 4

Hello and welcome to my blog. Today I would like to share my opinion on the topic "DIY Language Learning Adventures". I believe that a big part of the people learning languages have, at one point, tried to improve their language skills ~~by~~ on their own, (through social media, online platforms, games).

I have also tried these | Числовик 3  
 methods and have come to  
 the conclusion that some of the  
 best ways to learn ~~new~~ language  
 skills are games, social media and  
 movies.

Although games may be seen as  
 something childish, I've realized  
 that playing games can actually  
 improve one's language skills.  
 One of my favourite games is  
 Scrabble. It amazes me how  
 much I learn from my parents  
 while playing this game. I believe  
 that games can help both  
 parents and children learn something  
 new. Another great way to improve  
 one's language skills is by  
 reading posts online. I've found  
 that posts on Reddit can help  
 you learn something new about  
 the grammar of the language  
 you're learning. On Reddit people  
 have the chance to talk to  
~~one another~~ others and to  
 learn something new from them.  
 For example, I've learned a lot  
 new slang words thanks to  
 my friends from Canada (they also  
 use Reddit). Lastly, I've realized  
 that movies have also greatly  
 improved my language skills. I've

learned a lot of new words while watching movies online. When I come across ~~a~~ a new word, I pause the movie and look <sup>it</sup> up ~~that word~~.

Now that I've shared my personal opinion with you, you're welcome to leave a comment and to share your experience with me. I'm always open to new ideas on how to improve my language skills.
