Задание 4.

Dear my future self,
I'm delighted to have an opportunity to write a letter to you. I hope that your life has changed for the best over in these 5 years. In this letter I'd like to tell you about my long way to healthy life.

~~Recently, I've~~
Recently, I've decided to follow a healthy lifestyle. That was not an easy choice for me, especially when it comes to sport activities! When I started doing morning yoga, it was a torture to wake up an hour earlier and do it! But now I exercise on a regular basis with pleasure and can even see first results! I hope that sport is a vital part of your life as well.

Besides, I try to prioritise self-care and pay more attention to my mental health by doing some mental practices. This helps me ~~handle~~ ^{manage} stress and greatly improves the quality of my life.

Moreover, I try to eat healthy food and cut down on sugar. That's the most challenging part of my new lifestyle because I have a sweet tooth!

Числовик 4.

All in all, although leading a healthy lifestyle turned out to be not as easy as it ~~may seem~~ I had expected, it has made a real difference to my life. I can't help but admit its positive ~~influence~~ influence on my overall well-being. That's why I'm grateful for all self-care practices I've adopted and ~~my~~ my self-discipline that ~~did~~ that didn't allow me to give up.

So, I hope that you haven't given stopped following a healthy lifestyle and I'm really interested ~~in~~ ^{to find out} ~~learning~~ about your challenges and victories in this regard. Have you added more healthy habits? What challenges have you faced? How has healthy lifestyle changed your life?

Best wishes,

Your previous self
