4. Hi Mark,

Ученик 2

→ I hope this letter finds you in good health. I'm writing to you because I've decided to adopt a healthier lifestyle.

For the past few years I've been leading a life that I'm not satisfied with. Constant pressure and the amount of work I have to do have taken their toll on my health. I've put on weight and go to bed late. The amount of stress I have to put with while preparing for the exams and the fact that I burn the candle at both ends have affected my mental health as well. Here is what I've decided to do.

Firstly, I plan to work out at least twice a week. Stretching exercises and strenuous physical activity should be enough to keep me fit. Secondly, I believe yoga is what might help me fight stress and anxiety. Thirdly, I want to start doing breathing exercises to calm down. As for my diet, eating vegetables instead of fast food is key to a healthier ~~my~~ life, in my opinion.

In this regard, have you managed to adhere to this plan? How was your journey? Have you achieved progress by taking yoga and working out? What proved to be the most challenging part? I hope you were able to find time to exercise regularly, take fresh air and eat healthier food.

In any case, thank you very much for all the work you've put into improving your life. Focusing on mental and physical health is what makes a person happy, so I'm extremely grateful that you were able to stick to the schedule and worked on your body and mind.

Stay healthy, keep yourself fit and take care.

Best regards,

Mark
