4. 2) —
5. 2) —

Задание 4

~~DIY (Do it <sup>yourself</sup> yourself) Language Learning~~  
Adventures

Millions of people all over the world are learning English and striving to improve their skills in leaps and bounds. While there are tons of books for it, you can also enhance your knowledge in a playful and creative manner.

~~Analysis of music~~

Music has always been an essential part of my life. Therefore, when I immersed

~~myself~~ Учёмову

myself in the world of English, I started listening to foreign singers. I tried to interpret the lyrics of their songs and understand what the author had in mind. Besides, I paid attention to metaphors and unfamiliar words. Not only did this experience develop my English skills, it also improved my critical thinking skills and creativity.

The perks of Internet

In real life I don't have friends with the same craving for learning English, so Internet has been a life-saver for me. Whenever I watch a new movie or read a new book, I write small reviews in English on social media. It's a challenging task, because I have to come up with sound arguments for my opinion. People share their point of view in the comments and usually it sparks a conversation. Sometimes we even make groupchats to have an oral discussion. This experience greatly improved my speaking skills and helped me to overcome the fear of making mistakes. In addition, it's an amazing opportunity to meet like-minded people.

I sincerely hope that this post will <sup>have</sup> be useful for the English learners. If you <sup>have</sup> any ideas concerning creative language learning, feel free to comment and share your view on the matter!

~~K1 = 12~~

~~K2 = 8~~

~~K3 = 28~~

~~= 48 + 48 = 960~~
