From: Nikita in 2024
To: Nikita in 2029

Dear Nikita,
Hope you are doing great. This letter will be sent to you in 2029 by your English teacher. By that time you'll have graduated from university. So let's take some time to reflect on ~~mine~~ and yours healthy lifestyle choices.

You started playing basketball in 2019 and in 2021 you enrolled into the best team of the city. Since then, you've successfully played a lot of championships and became the best player in your team. In 2023 you compiled a diet which has done wonders for your body. 2024 is the exam year, so you started going to therapy. So far, it has made you more mentally stable and less stressed out. Your overall well-being has increased dramatically since 2019. I really hope you will continue doing sports in the coming years. You have to maintain a healthy lifestyle because it's highly beneficial for you.

So, the year is 2029 and you have just received this letter in your mailbox. How has everything been? Did you manage to live a healthy lifestyle during the university years? What challenges did you come across over the last five years? Have you beaten them? I think it will be interesting for you to answer these questions from the past.

Coming back to 2024, I am incredibly thankful for the practices of self-care and self-discipline I have adopted over the last few years. They truly have helped me overcome hardships and difficulties and focus on the things that matter to me personally. I believe that in five years' time you will express gratitude towards these practices, too.

That's all for now. See you in five years!

Best wishes,
Nikita in 2024
