Task 2

Why else should you not trust everything you see online?

In fact, the Internet is full of various kinds of fake information nowadays.

First of all, people tend to represent their life in a more favourable aspect. Photos are edited, private details showing what the person is like are hidden and a wrong impression is made.

What is more, the Internet is a field of action for cybercriminals. For example, you can lose your money if you believe advertisements promising to get something nice for free or without any effort. Conmen also are gifted at making people do what they want using personal information found online. Even severe crimes, such as murders and kidnappings, may be committed with the help of the Internet.

In conclusion, I would like to point out that everyone should be careful while surfing the Net and ought not to put too much trust in it.

Task 3.

Our school is the winner of the town contest at high achievement!

Svyatogorsk, School No.2.

Both the students and the teachers will be thrilled to know that our school has been announced the winner of the town contest "Talented and Skillful".

The competition was intended to reveal pupils, graduates and teachers of which school has reached the highest levels of achievement. The event took place in the town concert hall on 6 March 2020, and now some words of praise to its organizers. The organizers of the contest had prepared awards for considerable advances in sport, music and, most surprisingly, there was a nomination "Jack of all trades".

"Everything has been arranged perfectly well!"

"It was a gorgeous show!" say the spectators of the event.

Ivan Pankov, Chemistry teacher, has become the first in this category. His hobby is gardening, but his passion is strawberries.

"How do you manage to grow those gigantic species?" I asked the winner.

"Do you mean Chemistry is of some help? No, only two things matter: labour and love to gardening."

Igor Popov, graduate, has been the first to finish in the regional running race. "Everyday training and willpower, I don't know any other secrets of success," he said.

No about the youngest champion: Lyosha Zorin is the best at playing the accordion in our town. Too modest to be proud of himself, he only confessed, "My next goal is the regional contest."

So let us all hope to achieve the same excellent results next year!
