

**МОСКОВСКИЙ ГОСУДАРСТВЕННЫЙ УНИВЕРСИТЕТ
имени М.В. ЛОМОНОСОВА**

ОЛИМПИАДНАЯ РАБОТА

Наименование олимпиады школьников: **«Покори Воробьевы Горы!»**

Профиль олимпиады: **Иностранный язык**

ФИО участника олимпиады: **Кулькова Софья Ивановна**

Технический балл: **97**

Дата: **30 марта 2022 года**

September

v1.

Do

1. Is there any difference between graphic novels, comic books and visual novels? (8 words) ^{visual novels} ^{and other modern genres} ^{differ}
 2. When did the "graphic novel" first emerge? (8 words) ^(8 words)
 3. How are the term "graphic novel" explained in dictionaries? (9 words) ^(9 words)
 4. Why don't people living outside Japan comprehend the difference of visual novels from ^{foreigners} ^{that} ^{differ}
 5. Where do people note difference between? Where did visual novels become especially popular? (9 words) ^{adventure games?} ^{the most popular?} ^(9 words)
- What else do we call visual novels? (7 words)

v2.

splendid article

10

I have recently read an ~~extract~~ ^{such a} from Wikipedia called "Graphic novel". As you can see from the ~~article~~ ^{text}, the ~~article~~ ^{text} describes the meaning of the term, reveals the meaning of the term, and shows how graphic novels are comprehended in various countries. For instance, it is ~~told~~ ^{says} that the term was first used in a ~~book~~ ^{piece of lit.} called "Capa-Alpha" and became especially popular after the release of renowned "A Contract with God" and "Maus". "Watchmen" and ~~another~~ ^{as well as} a Frank Miller's ~~work~~ ^{well-known} book. The notable difference between graphic novels, visual ones and adventure games (the latter explained). The latter term is ~~only~~ ^{distincted} from graphic novels in Japan whereas other foreigners ~~don't take~~ ^{mentioned in the article} it into consideration. In my view, all three genres are ~~incredibly~~ ^{essential} for they extend boundaries in both game industry and literature. They ~~being~~ ^{are} even able to revolutionise them. (14 words)

v3.

I woke up in the morning and found myself in an unfamiliar place with only dinosaurs all around. My heart ~~sank~~ ^{sank}. Never had I been so frightened in my life ~~as I was~~ ^{before} when I ~~saw~~ ^{seeing} these repulsive animals. All I was eager to run away from them and that's what I did. No prizes for guessing I was saving myself ~~as~~ ^{very} quickly ~~as I only could~~. Fortunately, I managed to ~~dr~~ ^{drive} dinosaurs soon disappeared from my ~~eyes~~ ^{left behind}. The next ~~the~~ ^{some time} necessary thing to do was finding a place to hide and live in for a while. After going through various wild plants and extremely high trees (which were ~~abundant~~ ^{while searching for my way home}), I finally managed to find a tremendous cave. I came in and ~~was~~ ^{was} I

¹³⁰ surprised. There were ~~different~~ ^{plenty of} pictures on the wall showing
¹⁴⁰ ancient people's hunt, ~~dances as well as~~ ^{and} rituals they had ^{for such}
¹⁵⁰ as dances. All ~~this~~ ^{was} apparently drawn by ¹⁶⁰ coal. Of course, ^{in all their} I
¹⁷⁰ had seen ^{photos of} these ^{drawings in} our History textbooks but looking at ^{details}
¹⁸⁰ in real life left an unforgettable impression. There were also ^{large} rocks
¹⁹⁰ around me. Suddenly I heard someone wake up and roar. ^{I realised}
²⁰⁰ it was a cave man. ^{At first I was} ^{scared} and ran away ^{as rapidly as} and ^{thought} ^{I would}
²¹⁰ my death. However, I eventually ^{made} friends with the man (it
²²⁰ was really hard, ^{by the way} I should say) and even taught him ^{how to} use fire
²³⁰ for ^{and use it for} cooking his prey. I had a dinner, ^{stayed for a night}
²⁴⁰ and left ^{this spot} ^{quietly} in the morning. While trying to ^{looking for} ^{figuring out}
²⁵⁰ how to return home ^{come home}, I came across a time machine ^{where}
²⁶⁰ a ^{civilised} man ^{was} sitting. I asked him: "Who are you and what are
²⁷⁰ you doing here?" I asked. "I am a scientist from 2032", ^{and} ^{replied} ^{the}
²⁸⁰ person, "and I am trying to mend my ^{broken} time machine". I ^{suggested}
²⁹⁰ "I can probably help you ^{in this case}". The ^{His} answer was "Yes, please". ^{you}
³⁰⁰ He gave me instructions on what instruments to give and what to
³¹⁰ do ⁱⁿ general. We eventually repaired the contraption. Later, me and
³²⁰ the scientist said goodbye to each other entered the ^{to} it. He ^{said} ^{helped} me
³³⁰ get ^{to} return to my 2022 ^{and} said goodbye to me. Finally going
³⁴⁰ further back home. As ^{for} me, I was ^{relished} ^{to} ~~be~~ ^{emerged} ⁱⁿ my
³⁵⁰ homeland, ^{chatting}, as well as my family and friends. ^{The end.}
³⁷¹⁻⁴³⁼³²⁸ (371 words)

$$371-4-4-2-12-9-2-7-13=328$$

$$328-2+2-50=278$$

$$278-7-6-2-2+3-9-15-12=228$$

$$228-6=222$$

$$\approx 222$$

Task 1.

1. Do graphic and visual novels differ?
2. When did the words "graphic novel" first emerge?
3. How are the words "graphic novel" explained in dictionaries?
4. What else do we call visual novels?
5. Where did visual novels become especially popular?

Task 1: 15

Task 2.

I have recently read a splendid article from Wikipedia called "Graphic novel". As you can see from the title, it is about what is called a graphic novel. The text reveals the approximate meaning and history of these two mysterious words and shows how graphic novels are comprehended in various countries. For instance, it says that the term was first used in a piece of literature called "Capa-Alpha" and became especially popular among regular folks after the release of renowned "Maus" and "Watchmen" as well as a famous Frank Miller's book. Besides, the notable difference between graphic novels, visual ones and adventure games is explained. The latter term is only distinguished from graphic novels in Japan whereas foreigners do not take ^{this difference} ~~it~~ into consideration. In my view, all three genres mentioned in the article are incredibly essential for they extend boundaries in both game industry and modern literature.

Task 2: 33

Task 3.

I woke up in the morning and found myself in an unfamiliar place with only dinosaurs all around. My heart sank. Never had I been so frightened in my life before seeing those repulsing animals. I was eager to run away from them and that's what I did. Fortunately, dinosaurs soon left behind. The next necessary thing to do was finding a place to hide in. After going through wild plants I finally managed to find a tremendous cave. I came in and was surprised. There were pictures on the wall showing ancient people's hunt and details of rituals they had, such as dances. Looking at these drawings in real life ^{for me} left an unforgettable impression. There were also large rocks around me. Suddenly, I heard someone wake up and roar. It was a cave man so

I was scared and left immediately. While wandering ^{quietly} and figuring out my way home, I came across a time machine where a civilised man was. "Who are you?" I asked, "I am a scientist," replied the person, "and I am trying to mend my time machine". I suggested my help, ~~and~~ the answer was "Yes, please". We eventually repaired the contraption. Later, me and the scientist entered it. He helped me return to my 2022 and said goodbye, going further back home. As for me, I was incredibly elated to see my homeland again as well as chat with my family. ~~and friends.~~

Task 3: 49
